Invited Faculty

Giancarlo Agnelli
University of Perugia
Perugia, Italy

Dan Atar
University of Oslo
Oslo, Norway

Jean-Pierre Bassand
University Hospital
Besançon, France

Rupert Bauersachs
Max Ratschow Clinic for Angiology
Klinikum Darmstadt GmbH
Darmstadt, Germany

Harry R Büller
Academic Medical Center
Amsterdam, The Netherlands

A John Camm
St George’s Hospital Medical School
London, UK

Anna Falanga
Ospedali Riuniti Bergamo
Bergamo, Italy

Keith AA Fox
University of Edinburgh
Centre for Cardiovascular Science
Queen’s Medical Research Institute
Edinburgh, United Kingdom

Samuel Z Coldhaber
Brigham & Women’s Hospital
Boston, Massachusetts USA

Shinya Goto
Tokai University School of Medicine
Kanagawa, Japan

Sylvia Haas
Technische Universität
Munich, Germany

Werner Hacke
University of Heidelberg
Heidelberg, Germany

Lord Kakkar
Thrombosis Research Institute
London, UK

Vijay V Kakkar
Thrombosis Research Institute
London, UK

Craig Kessler
Georgetown University Medical Center
Washington, DC, USA

Mark Levine
McMaster University
Hamilton, Ontario, Canada

Jessica Mega
Brigham and Women’s Hospital
Boston, Massachusetts, USA

Paolo Prandoni
University of Padua
Padua, Italy

Meyer-Michel Samama
Cochin-Broca-Hôtel Dieu
University Hospital, Paris, France

Alexander GG Turpie
McMaster University
Hamilton, Ontario, Canada

Course Highlights

- Arterial Thrombosis
- Thromboembolic Stroke
- Venous Thrombosis
- Meet the Expert Sessions
- Workshops
- Debate
Dear Colleagues,

It is my very great pleasure to invite you to participate in the 20th International Symposium on Thromboembolism to be held at the Queen Elizabeth Conference Centre in Westminster, London on 18 and 19 October 2013.

We are very excited that this important annual meeting has now reached its 20th anniversary and continues to provide an unique opportunity to colleagues from around the World to focus on the latest developments in the fields of venous and arterial thromboembolic disease. As always our objective is to ensure that advances that are being made at the experimental, translational and clinical levels are put into the context of how we might best improve the outcomes for our patients at risk of thromboembolic disease.

This year we are once again delighted to be able to welcome a faculty of distinguished colleagues from around the World who have been responsible for some of the most important recent advances in this field. As always we will have a combination of plenary sessions, workshops, meet the expert sessions and debate which will help provide the unique opportunity for us both to understand the nature of the developments and how best they can be brought to bear to improve clinical outcomes.

I very much look forward to being able to welcome you to London.

With best wishes,

Lord Kakkar
Chairman

# AGENDA

## Day One

**Friday 18 October 2013**

<table>
<thead>
<tr>
<th>Time</th>
<th>Session</th>
</tr>
</thead>
<tbody>
<tr>
<td>13.00 – 14.30</td>
<td>Registration</td>
</tr>
</tbody>
</table>
| 14.30 – 14.45 | Welcome Remarks  
**Lord Kakkar, UK (Chair)**  
*Mountbatten Room* |
| 14.45 – 16.15 | **20 Years of IST: A Window on Thrombosis Innovation**  
*Mountbatten Room*  
**Chairs: S Goldhaber, USA and VV Kakkar, UK**  
1. Venous thromboembolism  
   **M Levine, Canada**  
2. Coronary artery disease  
   **JP Bassand, France**  
3. Thromboembolic stroke  
   **D Atar, Norway** |
| 16.15 – 17.45 | **Plenary Session I: Thromboembolic Stroke**  
*Mountbatten Room*  
**Chairs: JP Bassand and AGG Turpie, Canada**  
1. Stroke – The coming epidemic  
   **W Hacke, Germany**  
2. Assessing stroke and bleeding risk: How can we do better?  
   **S Goto, Japan**  
3. The challenge and opportunities for stroke prevention in AF  
   **AJ Camm, UK** |

## Day Two

**Saturday 19 October 2013**

<table>
<thead>
<tr>
<th>Time</th>
<th>Session</th>
</tr>
</thead>
</table>
| 08.30 – 09.30 | **Meet the Expert Sessions**  
I. Optimising CV risk in hospitalized patients  
   **J Mega, USA**  
II. NOACs and contemporary cardiology practice  
   **KAA Fox, UK**  
III. Thrombophilia screening  
   **R Bauersachs, Germany**  
IV. Post-thrombotic syndrome  
   **P Prandoni, Italy** |
| 09.30 – 11.00 | **Plenary Session II: Arterial Thrombosis**  
*Mountbatten Room*  
**Chair: JP Bassand and AJ Camm**  
1. Pathogenesis of atherosclerosis – Where might therapy be going  
   **KAA Fox**  
2. Predicting risk for recurrent coronary events  
   **VV Kakkar**  
3. How should we manage residual risk of ACS?  
   **J Mega** |
| 11.00 – 11.30 | Tea  
*Mountbatten Lounge* |
| 11.30 – 12.30 | **Workshops**  
1. **Cancer**  
   **Rutherford**  
   *Chairs: M Levine and MM Samama, France*  
   *Predicting risk for VTE in cancer*  
   **A Falanga, Italy**  
   *Duration of secondary VTE prevention*  
   **C Kessler, USA**  
2. **Medical Patients**  
   **Abbey**  
   *Chairs: S Haas, Germany and VV Kakkar*  
   *Prophylaxis short or extended*  
   **R Bauersachs**  
   *Biomarkers to predict risk*  
   **S Goldhaber**  
3. **Atrial Fibrillation**  
   **Henry Moore**  
   *Chairs: Lord Kakkar and AGG Turpie*  
   *Secondary prevention of stroke*  
   **D Atar**  
   *What the registries are telling us*  
   **S Goto** |
AGENDA

12.30 – 13.45 Lunch
Mountbatten Lounge

13.45 – 15.15 Plenary Session III: Cancer-associated Thrombosis
Mountbatten Room
Chairs: P Prandoni and MM Samama
1. Prevention of cancer-associated thrombosis – Where are we today? M Levine
2. Treatment of VTE in cancer patients P Prandoni
3. Is there a biological rationale for anticoagulation in cancer therapy? Lord Kakkar

15.15 – 16.15 Plenary Session IV: Venous Thromboembolism
Chairs: H Büller, The Netherlands and S Goldhaber
1. VTE treatment: The options in 2013 S Haas
2. Secondary prevention: Who, how long, with what? G Agnelli, Italy

16.15 – 17.00 Debate: Parenteral Anticoagulation Has No Future
Chair: Lord Kakkar
For: AGG Turpie
Against: H Büller

17.00 – 17.15 Closing Remarks S Goldhaber

COURSE INFORMATION

Venue
Queen Elizabeth Conference Centre, Broad Sanctuary, London SW1P 3EE, United Kingdom
Tel: +44 (0)20 7222 5000

Description
The 20th International Symposium on Thromboembolism (IST) will focus on the advances and changes in the field of thromboembolism, while maintaining its commitment to the presentation of evidence-based medicine and helping clinicians translate research into clinical practice. The combination of the various formats at the IST allows attendees to be exposed to new data and allows for the interactivity with colleagues from around the world.

Target Audience
Cardiologists, oncologists, surgeons, haematologists, general practitioners, internal medicine specialists, pharmacists, nurses, and other healthcare professionals involved in the care of patients at risk or with thromboembolic disease.

Learning Objectives
Upon completion of this activity, participants should be able to:
- To provide a comprehensive overview of the state of the art in the treatment of cancer associated, venous and arterial thromboembolic disease, to broaden the delegates knowledge.
- To evaluate current understanding of cancer associated, venous and arterial thromboembolic disease to increase delegates awareness of the subject.
- To encourage dissemination of this new information and best practice to delegates through the varied plenary sessions and interactive workshops and meet the expert opportunities.

Accreditation
The 20th International Symposium on Thromboembolism has been approved by the Federation of the Royal Colleges of Physicians of the United Kingdom for 9 category 1 (external) CPD credit(s).

Registration
Course Registration Fee: £50 + VAT

Space is limited so please register now online at www.tri-ist.com to reserve your place at this exciting meeting.
